# HEALTH, SAFETY, AND ENVIRONMENTAL POLICY

AMKA Technologies Sdn Bhd is committed to providing a safe, healthy, and productive work environment for all employees, contractors, customers, and visitors. We recognize our responsibility to comply with the Occupational Safety and Health Act 1994 (OSHA 1994) and other relevant laws and regulations in Malaysia, as well as the customers' HSE requirements and applicable HSE requirements at areas where activities are being conducted.

We aim to achieve this by:

- Establishing and maintaining a good safety, health, and environmental management system which provides adequate resources, equipment, training, and supervision to ensure the safety, health, and environmental performance of all employees, contractors, customers, and visitors.
- Identifying and assessing the hazards and risks associated with our operations and activities.
- Implementing appropriate control measures to eliminate or minimize the hazards and risks.
- Maintaining an effective crisis management system and emergency response capabilities.
- Setting and reviewing safety, health, and environmental objectives and targets on a regular basis.
- Monitoring and evaluating the performance and effectiveness of the safety, health, and environmental management system.
- Continually improving the safety, health, and environmental management system and its outcomes.

We expect all employees, contractors, customers, and visitors to comply with this policy and the safety, health, and environmental rules and procedures of the Company. We also expect them to report any unsafe or unhealthy conditions or incidents to their manager or supervisor as soon as possible. The Company will take appropriate disciplinary action against any employee or contractor who violates this policy or the safety, health, and environmental rules and procedures of the Company. The Company may also report any illegal activities to the relevant authorities.

Amirul Mukminin Bin Kamal Ariffin  
Managing Director  
Date: 17 March 2023

# DRUG AND ALCOHOL POLICY

AMKA Technologies Sdn Bhd is committed to providing a safe, healthy, and productive work environment for all employees, contractors, customers, and visitors. We recognize that the use of drugs and alcohol may impair an individual's capacity to perform their job safely, efficiently, and with respect for others.

As part of this commitment, we have established the following drug and alcohol policy:

- Employees must not be under the influence of alcohol or drugs when performing any work duties at the workplace or during work hours.
- Employees must not possess, use, consume, distribute, or sell alcohol or drugs at the workplace or during work hours.
- Employees must not operate any vehicles, machinery, or equipment while under the influence of alcohol or drugs.
- We reserve the right to conduct drug and alcohol testing as part of this policy including pre-employment testing, random testing, reasonable suspicion testing, post-incident testing, and return-to-work testing.
- Employees who are selected for testing must cooperate and comply with the testing process or otherwise may result in disciplinary action up to and including termination of employment.
- Employees who test positive for alcohol or drugs will be considered in breach of this policy and may face disciplinary action up to and including termination of employment. We may also report any illegal activities to the relevant authorities.
- Employees who have a valid prescription for a medication that may affect their ability to perform their job safely and effectively must inform their manager or supervisor before commencing work. The Company may require employees to provide a medical certificate or other evidence from their doctor confirming their prescription and its effects.

This policy applies to all employees, including full-time, part-time, casual, temporary, and contract staff. This policy also applies to contractors, subcontractors, consultants, agents, and visitors who perform work for or on behalf of AMKA Technologies Sdn Bhd. This policy applies at all times when an employee is at the workplace or during work hours.

A handwritten signature in black ink, appearing to read 'Amirul Mukminin Bin Kamal Ariffin'.

Amirul Mukminin Bin Kamal Ariffin  
Managing Director

# VISION & MISSION

## **Our Vision**

We aim to revolutionize the way businesses approach operational efficiency, safety, and sustainability, by leading the transition towards predictive, data-driven solutions. We aspire to become experts in transforming data into actionable intelligence and insights. Through innovation, we commit to elevate industrial practices that are not only smarter and safer but inherently sustainable.

## **Our Mission**

Our mission is to empower businesses across various sectors with data-driven condition monitoring solutions that ensure their operational assets operate at peak efficiency, safety, and reliability. We strive to provide comprehensive actionable insights into asset health, enabling our clients to preemptively address potential issues and optimize their operations. Through our dedication to innovation, customer-centric services, and continuous improvement, we aim to establish ourselves as the trusted partner for businesses looking to enhance their operational resilience and productivity.

# ABOUT US

**We're not just a solutions provider.  
We're a partner in your SUCCESS!**

Founded in 2023, AMKA Technologies Sdn Bhd emerged from a partnership established in 2021, formerly known as AMKA Tech Solutions. This transition marks our growth and commitment to specialize in turning complex data into actionable intelligence and insight, helping businesses across various sectors with predictive, data-driven solutions that anticipate and address the dynamic needs of businesses today.

Our mission is to revolutionize the industrial sector by delivering an extensive portfolio of services, including advanced remote analysis and precise onsite monitoring of assets. Our proactive solutions are designed to detect potential issues early on, streamlining operations and significantly boosting productivity. Through forging strategic partnerships and an unwavering pursuit of growth and learning, we are not just responding to the needs of today but leading the future towards a smarter, safer, and inherently more sustainable.

At the heart of AMKA Technologies Sdn Bhd is a commitment to being more than just a company; we are a trusted ally for businesses aiming to harness the power of data insights to enhance their operational resilience and productivity. By prioritizing the needs of our customers and partners, and dedicating ourselves to relentless improvement, we guarantee solutions that not only meet but surpass the expectations for operational excellence and productivity.

# OUR VALUES

At AMKA Tech Solutions, our values are the bedrock of our operations. They guide our interactions with our clients and with our partners, shape our workplace culture, and inform our decision-making processes.

**Innovation & Excellence:** We pioneer advancements in our field, consistently raising the bar for quality and innovation. Our drive for excellence propels us to refine our methods and technologies, ensuring we lead with cutting-edge solutions.

**Professionalism & Integrity:** Our foundation lies in unwavering professionalism and steadfast integrity. We pledge to conduct our business with the utmost ethical standards, embracing honesty and transparency as pillars of our operations.

**Customer-Centric Solutions:** At the heart of our mission is a commitment to our customers' success. We dedicate ourselves to understanding our customers' needs, delivering customized solutions that ensure impactful and effective results.

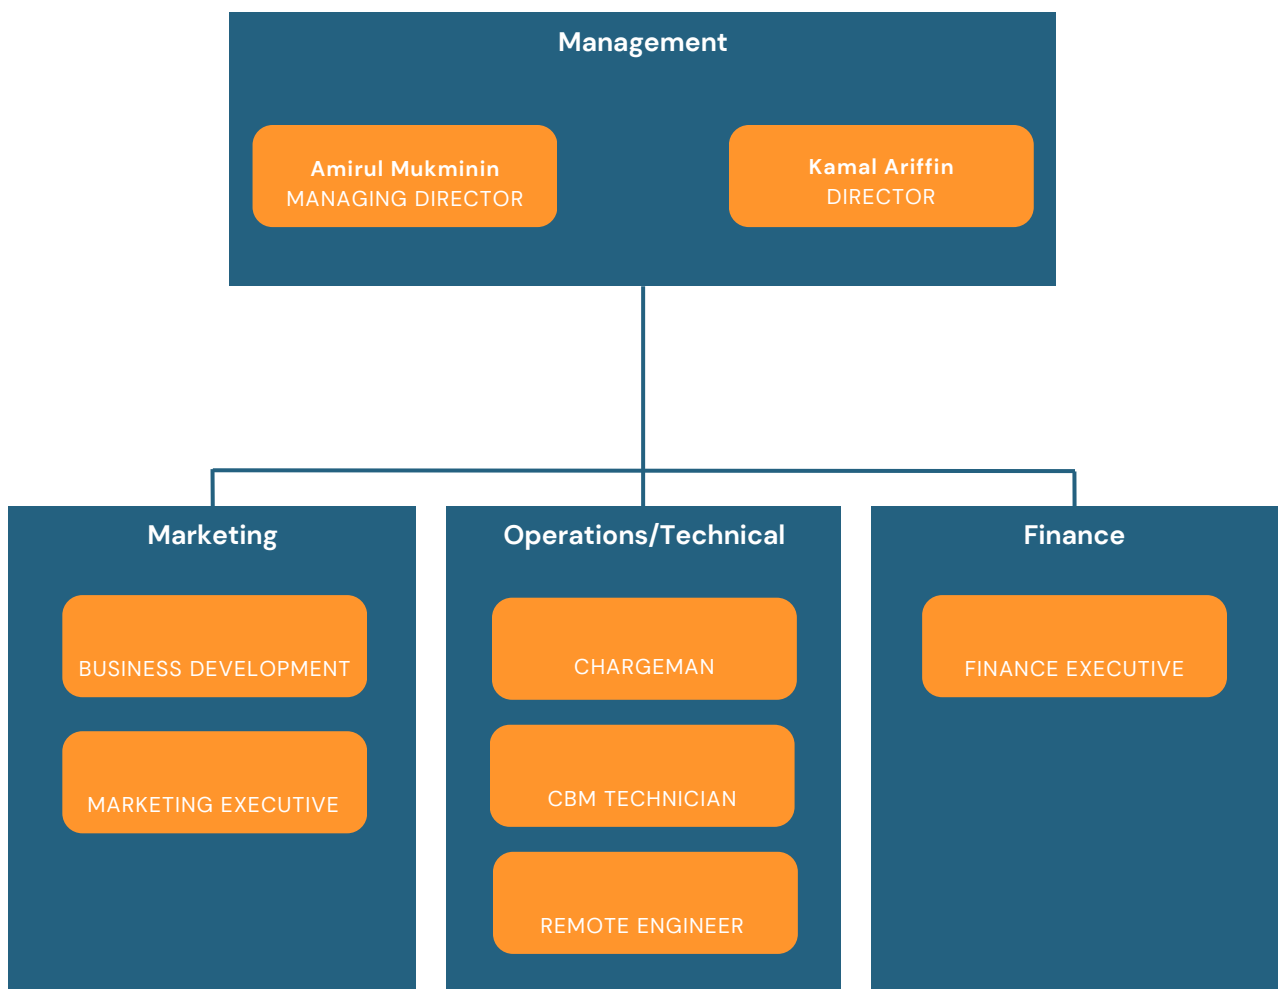

**Collaborative Growth:** We believe in the power of strategic partnerships to amplify our capabilities and spark innovation. By fostering collaborative relationships, we unlock synergies that drive us and our partners towards shared success and industry leadership.

**Growth and Learning:** Embracing both challenges and opportunities, we commit to perpetual growth and learning. This ethos ensures we remain adaptable and forward-thinking, continuously evolving to meet the future head-on.

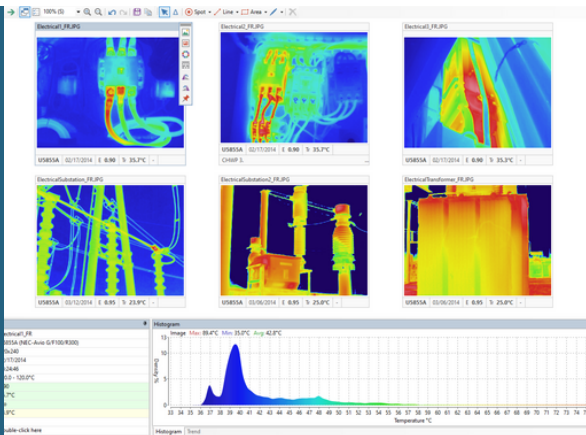

# MEET THE TEAM

# OUR SERVICES

## Remote Analysis & Reporting

Our Remote Analysis and Reporting Service offers in-depth evaluations of condition monitoring data such as thermography and TEV/ultrasound, providing comprehensive insights tailored to the needs of our customers. We specialize in transforming raw data into meaningful analysis, supporting decision-makers in maintaining optimal operational performance and compliance standards.

## Onsite and In-Service Assessment

Our Onsite and In-service Condition Monitoring Solutions are specifically designed to support continuous operations across diverse industrial sectors. We ensure that critical equipment is monitored without interruption. This service benefits various industries by delivering real-time insights into equipment performance while in operation. We employ thermography, TEV, and ultrasound to monitor and maintain the integrity of your industrial assets.

## Offline Preventive Maintenance Solutions

We provide offline maintenance solutions for industrial electrical assets up to 33kV, such as transformers, switchgear, and protective relays. Our solutions include a range of services that ensure your assets are in optimal condition, such as routine inspections, scheduled maintenance, component cleaning, lubrication, parts replacement, calibration of protective relays, and safety checks.
